5. (Unclassified - GLC) William Shinn, a Foreign Service Officer presently assigned to Senator Adlai Stevenson's (D., Ill.) office as a congressional intern, called. He said the Senator will be traveling to Vietnam on 4 August and would like an Agency briefing before he leaves. Other Senators who have traveled to Vietnam have recommended that he get such a briefing. The Senator will visit [redacted] and is principally interested in the upcoming South Vietnamese elections. I told Shinn I would check on this and be back in touch with him.

6. (Confidential - GLC) I reported to General James Lawrence, Deputy Assistant to the Secretary of Defense (Legislative Affairs), that Representative Paul Rogers (D., Fla.) had called Mr. Maury pressing for an answer to his question about arms shipments to the KMT. I said Mr. Maury had responded that we had queried the field on this and hoped to receive a response shortly.

7. (Unclassified - GLC) Hand-carried to Senator Ernest Hollings' (D., S.C.) office two books which [redacted] of OCI, has recommended for the Senator's reading in response to the Senator's request. They are: "Stillwell: The American Experience in China" by Barbara Tuchman and "China in Crisis" Volume II by Ho and Tsou.

8. (Confidential - GLC) Picked up from Dorothy Fosdick, Senate Subcommittee on National Security and International Operations staff, a German press item by Klaus Mehnert which she has asked us to translate. Miss Fosdick expressed interest in the Frescobaldi articles we had translated for her and asked if we would translate any other articles of his having to do with the treaty.

9. (Confidential - GLC) Talked with Mr. Frank Slatinshek, House Armed Services Committee staff, about H.R. 9853, a bill to establish a Commission on Information Protection and the National Security, which was introduced by Representatives Hebert and Arends. 1. (Confidential - JMM) General James Lawrence, Deputy Assistant to the Secretary of Defense (Legislative Affairs), called to say that Representative Paul Rogers had been trying to get in touch with Deputy Secretary Packard regarding a matter on which General Taber had testified before Rogers' Subcommittee on Public Health and Environment. The matter among other things concerned a clandestine report dealing with drug traffic in Southeast Asia. I explained to Lawrence what had come out of the meeting [redacted] and I had with Rogers last week. (See Journal 16 July 1971) I told Lawrence Packard was safe in taking the position he could not release our clandestine report to Rogers under the third agency rule and moreover I pointed out it was raw intelligence which could not be released in any event.

2. (Confidential - JMM) Received a call from Representative Paul Rogers who asked if we were going to provide him with the information he asked for on 16 July (this had to do with transportation of large quantities of arms, presumably of U.S. origin, to the KMT). I told him we had queried the field but had not as yet received a reply. He asked if we could try to get a response for him sometime next week. I told him we would do the best we could.

3. (Confidential - JMM) [redacted] CI Staff, and I had lunch with Representative James Scheuer in the Members' Dining Room. Also present were David Cohen, Administrative Assistant to the Congressman, and Paul Perito, Counsel, Select Committee on Crime. The purpose of the luncheon was to discuss the general drug problem. See Mr. [redacted] Memo for Record for details.

4. (Unclassified - PLC) Mr. Robert Dockery, Consultant, Senate Foreign Relations Committee, was called concerning Committee action on S. 18, the first bill by Senator Clifford Case (R., N.J.) on the Radios. Mr. Dockery stated that the Committee reported out the bill 21 July. The only amendment made was to increase the authorization from \$30 - \$35 million. He stated that the second Case bill, S.1936, was considered on a motion by the Committee but was rejected. He further stated that S. 18 was considered by the Committee as a temporary measure to continue the operation of the Radios and that S.1936 and possibly other legislation will be considered by the Committee at a latter date.
